**Terms of Rate Quote Estimate:**

This quote is based on the above information and is subject to change if the shipment changes. This is an estimate of what charges should be. In the instance where freight charges are determined by NMFC classification using participating carriers, every effort has been made to determine correct classification, and are subject to inspection by the carrier.

Intermodal shipments are based on Shipper Load/Consignee Unload and free time rules apply. Shipper is responsible for correct loading of freight and blocking and bracing.

As a Licensed Broker, we operate under provisions of 49 CFR part 1045 (DOT MC# 328277). All shipments handled by 4 Way Logistics, Inc. are covered from cargo loss/damage by the underlying carrier(s) cargo policy.

**Rates Are Subject To Change. Please Verify Rate Before Shipping. Rates Based On Truck Availability.**
